

Meeting with Terry and Iain - January 15, 2014

Two take-home quizzes using StarCellBio
Focuses on seeing experimental data

Re-do cell cycle StarCellBio quiz
- simplified version and have minimalistic quiz associated with it
- this one will be later in the semester

Potentially microscopy w/ signal transduction problem - know within one week, based off of past problems
This one will go out potentially March 1 (not before lecture 9)

Minimal time to grade the quizzes - 1-2 hours

Images: Cell image library or JCB?

Questions for Shloka:

- Versions of assignment
- Microscopy readiness
- Cytoplasmic vs nuclear fractionations

To-Do

- Send TA feedback to Terry and Iain
- Talk to Shloka
- Work with Terry and Iain on curriculum development for two quizzes
-
